

# TRINITY PRESENTS HANNECKE DISPLAY SYSTEMS

OCTOBER 2018

# TRINITY + Hannecke Display Systems

## BACKGROUND

- For more than 45 years, **Hannecke Display Systems** (headquartered in Germany) has been a global supplier of high quality, modular permanent displays.
- Modular design accommodates many, many products—traditionally books, magazines, cards, and maps, and today, additional product categories like cell phone accessories, napkins, and frankly any “rigid” package type.
- Supplied as floor or counter displays--stock components can be formatted to fit your product and include options to display more than one product size on the same display.
- Construction:
  - Injection molded shelves with proprietary stock tooling
  - Made from clear, durable, high impact plastic.
  - Extruded adjustable center tubes provide flexibility or
  - Tubes can be custom fabricated with spacing specific to your packaging.
- **TRINITY**, located in central NJ, has an outstanding track record of creating and producing displays and fixtures for both Retailers such as Walmart, Target, Rite Aid, and Office Depot, as well as Brands like Samsung, Lindt, and Campbell's.

All Hannecke molded parts will be assembled in TRINITY's NJ facility.
